B. F. HOGAN,
Assistant Signal Corps U. S. Army.

INDICATIONS: For Tennessee and the Ohio Valley, southwest to northwest winds, partly cloudy weather and local rains, slowly rising barometer and stationary or slight fall in temperature.

THE Iowa Greenbackers are going into the torch-light business early. They are going to have a torch-light procession in Des Moines on the 31st inst.

SENATOR VANCE, of North Carolina, is to take the stump in Ohio just before the State election to help the Democrats out. All the help they can get will do them no good, for the Republicans are sure to gain the day.

MR. STOUTON'S resignation as Minister to Russia has been received at the Department of State, Washington. Mr. Courtland Parker, of New Jersey, has, it is said, been tendered the position, but it is not yet known that he will accept.

The Columbus (Ohio) State Journal says that 30 coal-miners called upon the Hon. Charles Foster the other day and said, relative to their business, that they considered the worst part, and thought that the Greenback inflation policy was opposed to their interests.

THE San Antonio (Texas) Press, which the Galveston News describes as the leading exponent of the German Republican element in Texas, expresses the opinion that the Democracy of that State are hopelessly divided, especially upon the questions of free schools and honest money, and it advises the Republicans to coalesce with the honest portion of that party. "There is," it says, "no mentionable difference between the sentiments of the Democracy that maintained the honor and credit of the State in the Legislature, and who fought for free schools, and the Republicans."

"THE FERRY IS SINKING"
Always means an opportunity for some shrewd and lively operator to make a handsome profit. Messrs. Lawrence & Co., Bankers, N. Y., have established the new combination system for operating in stocks, so that capital in any amount from \$5 to \$50,000 can be used profitably at any time that may suit the customer. By pooling the orders of thousands of patrons into one immense sum, and operating them as a mighty whole, under the most experienced skill, vast profits are made, which could not be gained in no other way. These are divided pro rata among shareholders—monthly. An investment of \$10 returns \$50, or 5 per cent. on the stock. \$100 pays \$500, and so on, according to the market. A St. Louis patron made over three hundred per cent. on an investment in October by the combination method. Messrs. Lawrence & Co.'s new circular (mailed free) has "two unerring rules for success," and full information so that any one can operate with profit. Stocks and bonds wanted. Government bonds supplied. Apply to Lawrence & Co., Bankers, 67 Exchange Place, New York City.

A Committee of Safety Organized by the Citizens.

One Death Reported at Shelbyville, Tennessee, Yesterday.

Considerable Excitement in New York Over the Last Death.

Papers Calling for Rigid Quarantine on the Land Side.

YELLOW FEVER.

MEMPHIS, July 26.—At a meeting of citizens this morning a committee of safety was appointed from whose numbers are the following Executive Committee: Chas. D. Porter, President and Ex-Officio Chairman, Dr. R. W. Mitchell, John Johnson, A. S. Livermore, W. W. Thatcher, J. S. Priestidge, Rev. W. E. Boggs, N. W. Speers. On motion, Dr. Mitchell resolved to take the census of the city, as a basis on which to calculate the necessities of those remaining. A petition from the citizens of Willbur Station, on the Paducah Railroad, at which point it is proposed to erect a camp, protesting against the scheme, was read and referred to the Executive Committee.

One new case of fever has been reported to-day and two deaths have occurred: Miss Lizzie Meath, Ed. Flatley. The weather is damp and disagreeable. The Board of Health to-morrow will doubtless declare the fever epidemic.

WASHINGTON, July 26.—The National Board of Health received a dispatch from Shelbyville, Tenn., this morning, stating that Rev. D. F. Tate died at 12 last night. There are no other cases at Shelbyville.

NEW YORK, July 26.—The death by yellow fever of Mrs. Brennan, late of Memphis, and two cases sent to quarantine, have created a little uneasiness in this community, and some of the morning papers are calling for a rigid quarantine law on the land side.

Mrs. Brennan came here from Memphis last Tuesday, with ten others, and took rooms in a tenement house in 109 street, where five other families were living. Mrs. Brennan became so ill on Thursday night that her friends sent for a physician, who called without suspicion of the nature of the disease. A brief examination satisfied him that she was suffering from yellow fever. The inmates then admitted they were refugees from Memphis. The rooms of the families were then isolated and disinfectants used. Mrs. Brennan died yesterday morning and her body was hastily buried. Mr. Fitzgibbons, another one of the refugees, and his wife, were apparently ill and were removed, with other members of the family, to quarantine. There was considerable excitement last night in the vicinity where the death occurred, which is one of the foulest parts of the city.

The names of the Memphis refugees taken to the quarantine hospital last night are Michael, Bridget, Mary and John Corvett. The brother of Mrs. Brennan, who died, and who was also of the party cannot be found, and it is supposed he left his family to escape being sent to the hospital.

Robert Rhind, second mate of the British steamer Alwick Castle, from Havana, was taken to the hospital to-day. He is down with fever. In addition to the above, there are now six fever patients in the hospital.

THURSDAY'S SICK AND DEATH LIST.
Memphis Special to Nashville American.

There were eighteen cases reported to the Board of Health, Thursday, as follows: H. Harrison, colored, 259 DeSoto street; Alex. Kehlor, 234 South street; John Kennedy and wife, colored, 37 Hernandez street; William Turner, Union street; Charles A. Stacey, corner of Madison and Third streets; William Ward, City Hospital; Edward Kearney, No. 6 Manassas street; Fred. Kesmadel, 62 Clay

street; Margaret Ashbrook, 29 Bradford street; Jno. Smith, colored, Frazier street; Henrietta and William Taylor, corner South and Hernandez streets; Constance Ammon, 128 Beale street; Mary Ann Peters, 264 South street; Miss Bonnie E. Hollander, 39 Hawley street; Michael Athy, 41 Poplar street; G. J. Widrig, 52 Bradford street.

Five deaths from yellow fever have occurred since last night, to-wit: Henrietta Taylor, corner of Hernandez and South streets; W. Taylor, corner of Hernandez and South streets; Mrs. B. T. Miller, 112 Exchange street; Jno. Lockard, three miles out on the Raleigh road; Miss B. Elrose Hollender, 39 Hawley street.

The case of Miss Hollender was not reported to the Board of Health as yellow fever until after her death. Neither were the cases of Henrietta and Willie Taylor.

Mrs. Ray, widow of the late Judge J. E. R. Ray, died suddenly, to-night, at the City Hospital.

The Knights of Honor have lost five of their members since the fever made its appearance here.

CINCINNATI, July 24.—Joseph Hook, a Memphis refugee, who arrived here Saturday, died of yellow fever to-day.

106 CASES SINCE OUTBREAK.

Special to Cincinnati Commercial.

But two railroads now run out of the city, all the others having ceased. Street cars do not run after 8 p. m.

Bonfires of mattresses, sheets, pillows and other objects used by those who have died are daily seen in the streets in front of the home where the yellow plague has claimed a victim. The perfume spreads upon the breeze, and the wayfarer sniffs it with anything but pleasure.

Since the fever first appeared on the 10th, one hundred and six cases have been reported to the Board of Health.

A HORRIBLE SPECTACLE.

Special to the Courier Journal.

Coroner Spellman held an inquest on a colored woman named Louisa Brooks in the factory up in Chelsea. She had been dead thirty hours, and the body had two inches of flies over it, while seven children played about the door in front. A verdict of congestion was declared, but it is presumed to be a neglected yellow fever case.

WASHINGTON.

WASHINGTON, Feb. 26.—The Secretary of the Interior to-day rendered a decision in the long pending application of the New Iberia Mining Company of California for review by the Department of the decision of 1871, which rejected their application for patent for 480 acres of mineral land in California. Secretary Schurz concurs in the decision of 1871, in holding that a larger quantity of land is embraced in this application than was contemplated or authorized by the law. By the decision to-day the New Iberia Company, by its purchase of property, did not acquire the right to have or take a patent for more than 160 acres of land.

GEORGIA.

ATLANTA, GA., July 26.—Martin Depoor and wife, living six miles from Atlanta, both nearly eighty years of age, were brutally murdered last night, while in bed asleep. Both were cut in the neck with an axe. The body of Mrs. Depoor being nearly severed from the head. The murderers are not known nor their object in committing the deed. Different theories are expressed regarding the matter. The Depoors were quiet, peaceable people, not having an enemy, as far as the neighbors knew. The community is excited, and every effort is being made to discover the murderers.

NEW JERSEY.

TRENTON, July 26.—The Court of Errors and Appeals this morning reversed the decision of Justice Knapp, of the Supreme Court, in the Smith-Bennett case. Chief Justice Beasley read an elaborate opinion, reviewing the whole case, and came to the conclusion that the charge of the Judge on the trial was a misdirection of testimony. Four Judges voted for reversal, on the ground that the charge in reference to the letter was erroneous. This reversal makes the trial and its results of no effect, and if the State desires to move any further in the case, there must be a new trial.

"I had no time to stuff the chicken," apologized a landlady to her boarders. "Never mind, madam, it's tough enough as it is," replied one of them.

MASSACHUSETTS.

FALL RIVER, July 26.—The print cloth market has been more active this week. The productions for the week have been 77,000 yards, against 67,000 last week, and 56,000 two weeks ago, showing that the manufacturers are making a decided gain. The spinners report having received \$146 from several places this morning.

VIRGINIA.

PETERSBURG, July 26.—The corn and tobacco crops of this section, which at one time threatened to be a total failure from drought, which prevailed for the past three months, have been greatly refreshed by copious showers. The destructive woodland fires have been extinguished by the rain.

NEW YORK.

SARATOGA, N. Y., July 26.—The first race for the \$400 purse, and \$50 and the entrance money to the second horse, for a mile and an eighth, was won by Bramble, Minister second, and Dan. Sparling third; time, 2:00.

MINOR DISPATCHES.

HALIFAX, N. S., July 26.—On Thursday, the House of Richard Haden, at Middletown, Guysboro' county, was struck by lightning and completely wrecked. Mrs. Haden was instantly killed. Mrs. John Mann, who happened to be in the house, was struck and rendered insensible. Hopes are entertained of her recovery. Mr. Haden and a number of the children escaped without injury.

FOREIGN NEWS.

LONDON, Feb. 26.—The Standard's financial article says: "The International Bank of Hamburg, which decided on voluntary liquidation was entirely foreign. The establishment of its career since the financial crisis which followed the Franco-German war, has been one of unbroken misfortune. Its capital amounting to 9,000,000 pounds, has been expended in supporting numerous schemes in railways, banking and land, most of which have long since collapsed. Voluntary liquidation has long been urged by the shareholders of the bank."

Mortality Report for June.

The regular monthly mortality report of Dr. J. P. Park, City Physician, for the month of June, shows that during that month there occurred in the city of Knoxville and suburbs fifteen deaths, seven white and eight colored, six males and nine females.

The causes of death were, cancer, 1; cholera infantum, 3; congestion of brain, 1; consumption, 4; dropsy, 1; typhoid fever, 1; heart disease, 1; hydrocephalus, 1; inanition, 1; softening of brain, 1.

As to locality, 1 occurred in the 1st ward, 1 in the 2nd, 4 in the 7th, 1 in one in 8, 8 in the suburbs. Their ages were, under one year, 5; between 1 and 5, 1; between 10 and 20, 1; between 20 and 30, 4; between 30 and 40, 1; between 40 and 50, 3. Ten were natives of Knoxville, four of other parts of the United States, and one of Germany.

The rate of mortality of whole population was 13.58 per 1,000 per annum; that of the white population, 10.18; of the colored, 19.20.

For the month of June, 1875, there were 24 deaths, 14 white and 10 colored; for June, 1877, 25 deaths, 8 white and 17 colored. During the month of June there were five still-births, one colored male and one colored female. There were twenty-three still-births, 11 male, 7 female, white; 2 male, 3 female, colored.

Oakdale Mill Looking Up.

We mentioned a few days since the permanent organization of the Oakdale Iron Works, with Mr. John G. Scott, of St. Louis, Mo., as President. Mr. Scott went down to the works, which are located in Roane county, near Kingston, last week, and made the first payment, \$25,000, on the property. The matter will be worked up as rapidly as possible, and will soon be in operation.

Capt. Jenks, who is connected with the company, has opened up a store there and was in the city a few days since making some large purchases. Mr. Carrick Oldham, a live and enterprising young business man of our city, has been employed and has gone to work in the store.

Little Andy has got to the head of his class at last. "I hope you will stay there now," says his father. "Oh no, I don't think I will, pa," says the thoughtful boy; "I might get too proud."

"Have you the song, 'Saccharine Futurity'?" asked a girl of the music clerk. "We have," he answered, as with a pleasant smile he rolled up a copy of "The Sweet-By-and-By."

How the Reds Were Received in Atlanta.

In its article in reference to the Base Ball Tournament, the Atlanta Constitution of Friday says:

Yesterday at noon the Knoxville Reds reached this city by the passenger train of the Western and Atlantic and were met at the train by the Aleris who escorted them to the Klubb where the club will be entertained during its stay in the city. The Reds are accompanied by about 100 friends, who, from what we learn, have come for the purpose of backing their favorites quite heavily in the tournament. The club is composed of a fine looking body of young men and will doubtless be heard from before the day closes.

The manager of the Reds is Mr. H. B. Branner and the captain Mr. H. G. Lloyd. Mr. J. F. Rule, the right fielder of the nine, is a member of the staff of the Knoxville CHRONICLE, and will doubtless dish up the tournament in his happiest style.

MARKETS BY TELEGRAPH.

New York Market.

Money easy, 2 1/2%. Exchange dull, \$483 1/2. Government weak, new 5's, 4; four per cents, 6; four and a-half per cents, 2. States dull.
